QuickBooks 2018 Tutorial – How Do I Change The Password Of My Store? Changing the password of your store is a pretty standard process for most people, but if you have not set a new password in some time, it can be rather tricky. The process is quite straightforward, and we will walk you through it in this quick video. To Change the Password of Your Store, Follow the Following Steps: Start your Budget Preparation Software Log In to the User Profile window Click on the ‘Change Password’ button Enter the new password for your store Do not forget to log out of your store If you have forgotten the password for your store, follow this process to Reset the Password. Change the password of your store by clicking on Change Password from the Control Panel window on the right. Enter your

---

new password for the store and then remember it for future use. Click on the button that says 'Save Changes'. Your password is now changed. Note: The above steps are for QuickBooks 2017. If you are using a later version of the software, changes to your password may be different. Make sure you log out of the User Profile
