Features Key:

Destiny and Grace: The one fact that you are strong and have a destiny is the birthright of all created beings. Yet, the blessing of living a normal life will not provide as much freedom as you can imagine. Instead, you enjoy the joy of living with destiny in your heart.

Online Play that Loosely Connects with Others: The one charm of fantasy games is that friends can play together. Unlike other games, players in *Valkyria Chronicles* can leave their games and continue the game in the background for a while while they are offline. But as you come back online, you can push on into the game as if you never left.

Widescreen Outdoor Battles: No matter how the lands of the Lands Between appear, you fight it out on an outdoor battlefield. The battlefields change every time and have many different situations which will never repeat. In addition, you can control the relative positions of your units as you would in an RPG.

Building Advanced Battle Mechanics: By implementing a variety of sophisticated battle mechanisms, we bring out the excitement of strategy and turn-based tactics as well as the fun of action and shooting games.

An Epic Drama Held in Fragments: By using a variety of different game techniques, we hold an intense drama within the game. Each of the characters in the game is greatly affected by the events they encounter and can move through the play with a variety of different feelings.

Features do not influence my decisions.

Enter a fantasy world where dragons and knights still exist in harmony. Under the wisdom of the Elden Ring, those who follow the path of grace, which moves in harmony with the gods, flow in grace. You too are a very important and special person. Take the sacred path to becoming a D'Elden Lord and play a role in this world.

Enjoy an exciting action RPG inspired by the visuals of games with strong turn-based strategies, and left-overs of popular AAA titles like *Valkyria Chronicles* .

□□□□□□□□□□□□□□ BEST GAME! \$10 ALL REVIEWERS LOVE \$10 ALL REVIEWERS LOVE Stephan Rücker, 14.03.2017 Still in beta, but still an awesome game with many improvements and everything you can possibly want in a fantasy game. The graphics are very nice. The controls are easy to get used to and work as expected, except for the lightning which is a little weird, but that's a minor thing. All in all, a very good

job by Beamdog and I recommend this game wholeheartedly! The whole game is a blast! \$10 ALL REVIEWERS LOVE \$10 ALL REVIEWERS LOVE Mato (a.k.a. The Ravenous Dragon), 27.04.2016 I'm having so much fun with this game. The interface is intuitive and everything you know from other TRPG games is here (melee, health, different stats, etc.). The graphics are gorgeous, and they are terrific when you fight in the world. The developer knows what he's doing, and the world is really well built. If you are into TRPGs, this one is for you! \$10 ALL REVIEWERS LOVE \$10 ALL REVIEWERS LOVE Stijn, 07.11.2015 Really great game, Beamdog. Many improvements compared to the original Baldur's Gate. Really recommend it. Beautiful graphics, simple controls, deep storyline. The problem: The combat could use some improvements. The most important aspect is the game's dialogue options. You can be a ruthless killing machine, or a kind and respectable gentleman with a heart. The choice is yours. Let's pretend that choosing the former is a bit more fun. Great game! \$10 ALL REVIEWERS LOVE \$10 ALL REVIEWERS LOVE Baldur's Gate, 04.03.2015 Very good alternative to Baldur's Gate 1&2. Different, but still a fun and deep experience. The story can be a little confusing at times, but it's still possible to figure it out. 8.5/10! \$10 ALL REVIEWERS LOVE \$10 ALL REVIEWERS LOVE FamiBear bff6bb2d33
